Professional Summary

Proactive and performance-driven professional with a strong foundation in analytical problem-solving and strategic execution. Proven ability to drive product growth initiatives, manage operational pipelines, and conduct market research to support business decisions. Adept at cross-functional collaboration, stakeholder engagement, and leveraging structured tracking systems to optimize efficiency. Highly motivated to contribute to fast-paced strategy, outreach, and partnerships initiatives.

Education

Vellore Institute of Technology, B.Tech in CSE (Specialization in Cloud Computing)	Sept 2022 – June 2026
CGPA: 8.65	
Modern Delhi Public School, Senior Secondary School	Apr 2020 – Apr 2022
CGPA: 8.70	
Modern Public School, Secondary School	Apr 2018 – Apr 2020
CGPA: 9.10	

Experience

Growth & Strategy Intern (Data Focus) Hyphen SCS, Noida	May 2024 – Jul 2024
- Collaborated with cross-functional teams to execute product growth strategies for the "VibeSync" application, initiating outreach-focused features to drive user engagement. - Conducted market research and data analysis to develop an interactive dashboard with demographic filtering, providing insights that streamlined operations and increased throughput by 40%. - Managed user feedback pipelines and tracked engagement metrics, optimizing content relevance which directly contributed to boosting user retention by 30%.	

Key Initiatives & Projects

Enterprise Information Management Initiative	Link
- Spearheaded the strategy and execution of a complex data-driven automation project, enabling rapid information retrieval from large-scale enterprise and healthcare datasets. - Developed rigorous data tracking frameworks and accuracy protocols to ensure precision and reliability, critical for high-stakes business environments. - Managed stakeholder requirements to integrate seamless accessibility features, directly improving end-user adoption and demonstrating strong problem-solving skills.	
Operational Workflow Optimization	Link
- Managed the end-to-end implementation of an automated operational tracking system, analyzing workflows to eliminate bottlenecks and achieve high performance stability. - Established structured reporting and data logging mechanisms to maintain accurate records of real-time operational interactions, significantly improving process efficiency. - Evaluated edge cases and refined system operational parameters, ensuring reliability across diverse real-world business scenarios.	

Leadership and Activities

- ZS Associates Innovation Challenge:** Secured 11th place nationally by collaborating within a top-performing team to deliver strategic business solutions.
- University Event Organization:** Actively involved in campus societies, demonstrating leadership by coordinating events and facilitating professional outreach.

Skills

Core Competencies: Business Development, Strategy & Planning, Market Research, Pipeline Management, Client Outreach, Operational Efficiency
Analytical Skills: Data Analysis, Performance Metrics Tracking, Strategic Reporting, Workflow Optimization
Soft Skills: Professional Communication, Cross-functional Collaboration, Stakeholder Engagement, Ownership & Accountability
Tools & Platforms: CRM & Data Tracking Systems, Enterprise Dashboards, Microsoft Office Suite, Presentation Tools

Professional Development

Business Analytics & Operations Fundamentals, Data-Driven Decision Making, Organizational Leadership
