Education

Vellore Institute of Technology , B.Tech in CSE (Specialization in Cloud Computing) CGPA: 8.57	Sept 2022 – June 2026
Modern Delhi Public School , Senior Secondary School CGPA: 8.70	Apr 2020 – Apr 2022
Modern Public School , Secondary School CGPA: 9.10	Apr 2018 – Apr 2020

Experience

Software Engineer Intern Hyphen SCS, Noida	May 2024 – Jul 2024
- Contributed to the "VibeSync" web application using React.js and Node.js, developing dynamic user-facing features that curate personalized motivational media based on customized emotional states. - Developed an interactive dashboard incorporating comprehensive demographic and professional filtering capabilities, successfully streamlining operations and increasing content delivery throughput by 40%. - Implemented a highly responsive UI featuring real-time randomized media generation and an intuitive like/dislike feedback loop, effectively optimizing content relevance and boosting overall user retention by 30%.	

Projects

PrepWise	Link
- Built a full-stack AI interview platform using Next.js and TypeScript, ensuring smooth frontend-backend integration and seamless user interaction across different modules. - Tested authentication flows and REST API endpoints using Postman to validate data consistency, response handling, and proper error messages during invalid input scenarios. - Performed root-cause analysis on real-time conversational workflows integrated with Vapi, verified dynamic question generation logic, and ensured accurate feedback processing before final deployment.	
Cognitive Attendance	Link
- Developed a biometric attendance automation system using Python (Flask) and OpenCV with real-time backend connectivity, focusing on system accuracy and performance stability. - Performed API validation to ensure correct attendance logging, prevented duplicate entries, and verified real-time data updates during multiple user interactions. - Identified edge cases in face recognition scenarios such as low lighting and multiple detections, and improved system reliability through structured testing and debugging.	

Achievements and Activities

- ZS Associates Hackathon**: Secured 11th place nationally as part of a top-performing team.
- Smart India Hackathon'25**: Secured a spot in the second round of the Inter College Smart India Hackathon.

Skills

Languages: HTML, CSS, JavaScript, Python, Java, DSA, Problem Solving
Frameworks/Tools: React.js, Node.js, Flask, Git, MongoDB, MySQL, REST API, Manual Testing, API Testing (Postman), Debugging

Certifications

Python Essentials, Artificial Intelligence & Machine Learning Essentials,
DevOps Fundamentals, AWS Solutions Architect, HTML, CSS, JavaScript
