Professional Summary

Dynamic and outcome-driven professional with a "Seeker Mindset" and a background in **strategic operations and user behavior analysis**. Proven ability to lead impactful conversations, understand human intent, and recommend tailored growth paths for individuals. Combines analytical logic with a proactive "Builder" attitude to bridge the gap between complex requirements and high-value results. Committed to **ethical execution**, bold problem-solving, and driving organizational growth in fast-scaling environments.

Education

Vellore Institute of Technology, B.Tech in CSE (Concentration on Analytical Systems) | Sept 2022 – June 2026
CGPA: 8.57
Modern Delhi Public School, Senior Secondary School | **Percentage: 87.0%** | Apr 2020 – Apr 2022

Experience

Operational Strategy Intern | Hyphen SCS, Noida | May 2024 – Jul 2024

- **Insight-Driven Optimization:** Developed a reporting dashboard that automated data tracking, improving process efficiency by **40%** and enabling the leadership team to make faster, insight-driven decisions.
- **Cross-Functional Bridge:** Led coordination between Marketing and Growth teams to synchronize product workflows, ensuring seamless alignment with the company's strategic expansion goals.
- **High-Impact Conversations:** Conducted one-on-one sessions with team stakeholders to identify operational friction points, translating feedback into clear action plans and improving team dynamics.
- **Extreme Ownership:** Managed a structured pipeline for local projects, maintaining **99.9% uptime** for team operations through proactive problem-solving and rapid concept comprehension.

Projects

PrepWise (Global Career Accelerator Project) | [Link](#)

- Built and launched an automated platform designed to bridge the gap between classroom theory and real-world career outcomes, reaching over 100+ active users.
- Analyzed user behavior and psychology to refine the guidance loop, ensuring participants focus on **portfolio-ready skills** and high-value industry targets.

Cognitive Systems (Operational Execution) | [Link](#)

- Engineered a data-driven tracking system that turned a manual, error-prone task into a structured operational workflow with real-time accuracy.
- Developed a deep project scope understanding to identify and solve operational edge cases, demonstrating high pressure decision-making and a bold execution mindset.

Skills

Communication Psychology: Strategic Conversation, User Intent Analysis, Behavioral Guidance, Ethical Persuasion, Closing Enrollment, Recommending Growth Paths.
Strategy Execution: Management Pipeline, Growth Operations, Startup-Speed Thinking, Process Improvement, Project Scope Analysis, Trend Identification.
Analytical Foundation: Data Visualization, Logical Problem Solving, Power BI, SQL, Insight-Driven Decision Making, Resource Allocation.

Achievements Activities

- **National Rank 11 — ZS Associates Challenge:** Recognized for analytical excellence and high-speed execution in a competitive environment of 50,000+ participants.
- **AWS Associate Certification:** Proof of ability to grasp and explain complex, high-level structural concepts quickly.
- **Smart India Hackathon '25:** Recognized for "Extreme Ownership" and team-player mindset in high-intensity problem-solving rounds.
